Product Description:

OnGuard™ RP Cartridge

Emergency Phone:
1-800-424-9300
Information Phone: (408) 481-4538
Date Prepared: August 05, 1996
Prepared By:

A handwritten signature in black ink, appearing to read 'Jim Edwards'.

The following information is believed to be accurate and is currently the best information available to us. However, we make no warranties, express or implied, with respect to the information supplied and we assume no liability resulting from its use.

SAFETY DATA: DIONEX OnGuard-RP cartridges are nonhazardous components that will not expose personnel to hazardous breakdown products except in very extreme conditions outside the normal or recommended use of the cartridges (such a case would be a laboratory fire).

The OnGuard-RP packing consists of cross-linked copolymers of divinylbenzene and styrene. The packing itself occupies approximately 2/3 of the internal volume of the cartridge. The remaining void volume is filled with air. The cartridge body and the cartridge packing are not hazardous.
